Mr. Ram Katalan
NorthStar Moving Corporation
9324 Corbin Avenue
Northridge, CA 91324

Dear Mr. Katalan,

I want to thank you and your staff for the excellent job they did moving our company this past weekend. I had expected it to go well because we had planned this move months in advance, and because your company came highly recommended. Mike Hook and I spent a bit of time on the phone going over the details, and he answered all my questions and concerns. Roy did an excellent job coordinating the move, and his staff was hard working and careful with our equipment. We have about 50 computers and 30 printers, and none of this vital equipment was damaged. The move was completed on time, and within the estimate given. I would be happy to recommend your company to anyone who needs to hire a moving company.

Sincerely,
